 Internship Coordinator
 liz.fogle@wku.edu, 270-745-2574

Internships are an investment in your future! They provide an opportunity to meet those currently working in your field of interest as well as a chance to see what's involved in a typical work day. Through meaningful real-world experiences and networking, internships provide a strong career foundation for students and offer a competitive advantage for future employment. Internship experiences introduce you to a potential career, perhaps a potential employer, and provide an opportunity for students to build a more substantial résumé

I began to apply the knowledge that I gained in school to real world problems. I was challenged to work within deadlines with multiple projects and communicate professionally with others

-Madeline Zaleski
Mechanical Engineering Student

HANDSHAKE: THE JOB HUNTING PLATFORM

Finding a job and building a career can be a daunting experience. Whether you are seeking an internship or a full-time career, Handshake is the way to discover those opportunities. Follow these instructions to get started!

Login to Handshake

{wku.joinhandshake.com}
{Click Western Kentucky University}
{Use WKU NetID and password}

Complete Profile

{Double-check pre-loaded information}
{Report profile errors to WKUACDC}
{Decide which elements to make public/private}

Upload Resume & Cover Letter

The more complete and public you make the information, the easier it is for employers to find you!

Take Handshake for a Spin

{Go to the landing page}
{Fill in the search bar and apply filters}
{Save your searches in Handshake for future use}
{Search from your phone using the iPhone app}

Follow Employers & Positions

{Establish filters to help you find relevant positions}
