

AOL meeting: 04/19/ 2012

The meeting began with the oral communication results from the presentations captured in the fall 2011 MGT 498 class.

The average results from everyone are as follows:

	1= Amateur		
	2= Acceptable		
	3= Admirable		
	Coherence and Organization	Delivery	Material and Mechanics
AVG	1.988	1.994	2.024

The committee felt that these scores were marginal and recommends the following to the curriculum committee:

1. Implement a public speaking module in BA 175
2. Create a video lecture on the best practices of public speaking and presentations and make this available to all core classes where presentations are given
3. Create a standardized list of best practices for presentations and implement this throughout the college.

Instructors would also need to evaluate presentations on the three dimensions using the rubric above.

These findings are similar to what was found by the Student Quality Team in 2009.

The next item that was discussed was the evaluation of the MGT 498 course for all goals for the college.

Dr. Droege will be sending me the remaining cases from his classes.

Everyone on the committee agreed to evaluate two goals and to modify the rubrics if necessary to correspond to the case.

The goal is to complete the evaluation by the end of the semester.

Fall 2011 Oral Communication Rubric Results

Group	Average	
150	2.583333	2.583333
150	2.583333	
151	1.833333	1.916667
151	2	
152	2	2.066667
152	2.133333	
153	1.91667	2.094699
153	2.272727	
154	1.666667	1.666667
154	1.666667	
155	1.666667	1.666667
155	1.666667	1.666667
156	2	2
157	1.833333	1.833333
161	2.2	2.133333
161	2.066667	
164	2	2.222222
164	2.833333	
164	1.833333	
165	2	2
