

**WKU**  
**Computer  
Science &  
Engineering**  
Summer Program

**June 2–5, 2020**

**Attention Rising Sophomores to Seniors!  
Interested in a Science or Engineering Career?  
Meet experts in the field this summer at WKU!**

Take advantage of a summer major exploration program at Western Kentucky University for an opportunity to learn from the experts. The School of Engineering and Applied Sciences is hosting a week long program to give you the chance to work with WKU Instructors and explore your interest in computer science and engineering.

**Computer Science Path: 8 - 11 AM**

*To gain knowledge about the significance of software, programming paradigms/languages, and operating systems.*

**Engineering Path: 1 - 4 PM**

*A hands-on opportunity to learn about three disciplines of engineering: Mechanical, Electrical, and Civil.*

**Prices:** 1 course is \$299 **or** both courses for \$499

*NOTE: This is a commuter program. If you are interested in staying on campus, please contact us for arrangements.*

Please call (270) 745-4254 or visit us online at:
