## Join Us For the WKU High School Personal Financial Planning Summer Camp!

Spend a fun-packed four days and three nights at WKU taking part in events specially designed to help High School students enhance financial literacy skills and learn about the financial planning profession. This camp experience will allow students to network with local financial advisors, gain leadership and team-building skills, and more. The camp will include a team-based financial planning case study competition where a financial plan will be developed for prizes.
