Proposed wording:

 (\dots)

Materials shall be submitted by January 25 of the first year of appointment and by August 20 for each subsequent year.

(...)

Once the committee has met, the committee chair will create a memorandum in which the faculty discussion is summarized and the vote count reported. The committee will be given the opportunity to review, revise, and approve the document. By September 4 (February 1 for the first year evaluation), the committee chair will send this memorandum to the department head.

As soon as practical after receipt of the memorandum, the department head will provide the candidate with a continuation evaluation in which the candidate's strengths and weaknesses in performance, as noted by the committee and/or the department head, will be clearly identified, documented, and explained. This evaluation will include:

- the committee's vote
- the department head's continuance evaluation

Candidate may request committee memorandum through the Office of the Provost.

The candidate will be given an opportunity to meet with the department head and send to the department head and dean a response to these evaluations by September 11 (February 8 for the first year evaluation).

The department head's evaluation and recommendation will be submitted to the college dean no later than September 20 (February 15 for the first year evaluation). The department head's recommendation to the dean will include:

- the result of the continuance committee's vote
- the committee's memorandum in full
- the department head's continuance evaluation

In case of a negative recommendation, the department head will inform the faculty member in writing.

3. Rationale for amendment:

Clarifies which documentation is provided to the department head, the candidate, and the dean, respectively, and to which document the candidate is provided an opportunity to respond. Identifies further progression of the timeline. Ensures the committee has a chance to review the committee report. Ensures candidate response is included in materials that go forward. Also uses consistent wording, such as "candidate" for "faculty member under review."
