HANOVER'S GRANT ACADEMY

INDIVIDUALIZED PLAN

After consulting with the Hanover team regarding interests and experience, each faculty member receives an individual development plan.

PROSPECT RESEARCH & ALIGNMENT

Faculty receive guidance on best-fit grant opportunities for their projects and advice on achieving strong alignment with funders.

GRANTSMANSHIP TRAININGS

Faculty participate in grantsmanship trainings designed to develop their grantseeking skills, in alignment with targeted needs and interest areas.

PROPOSAL REVIEW & REVISION

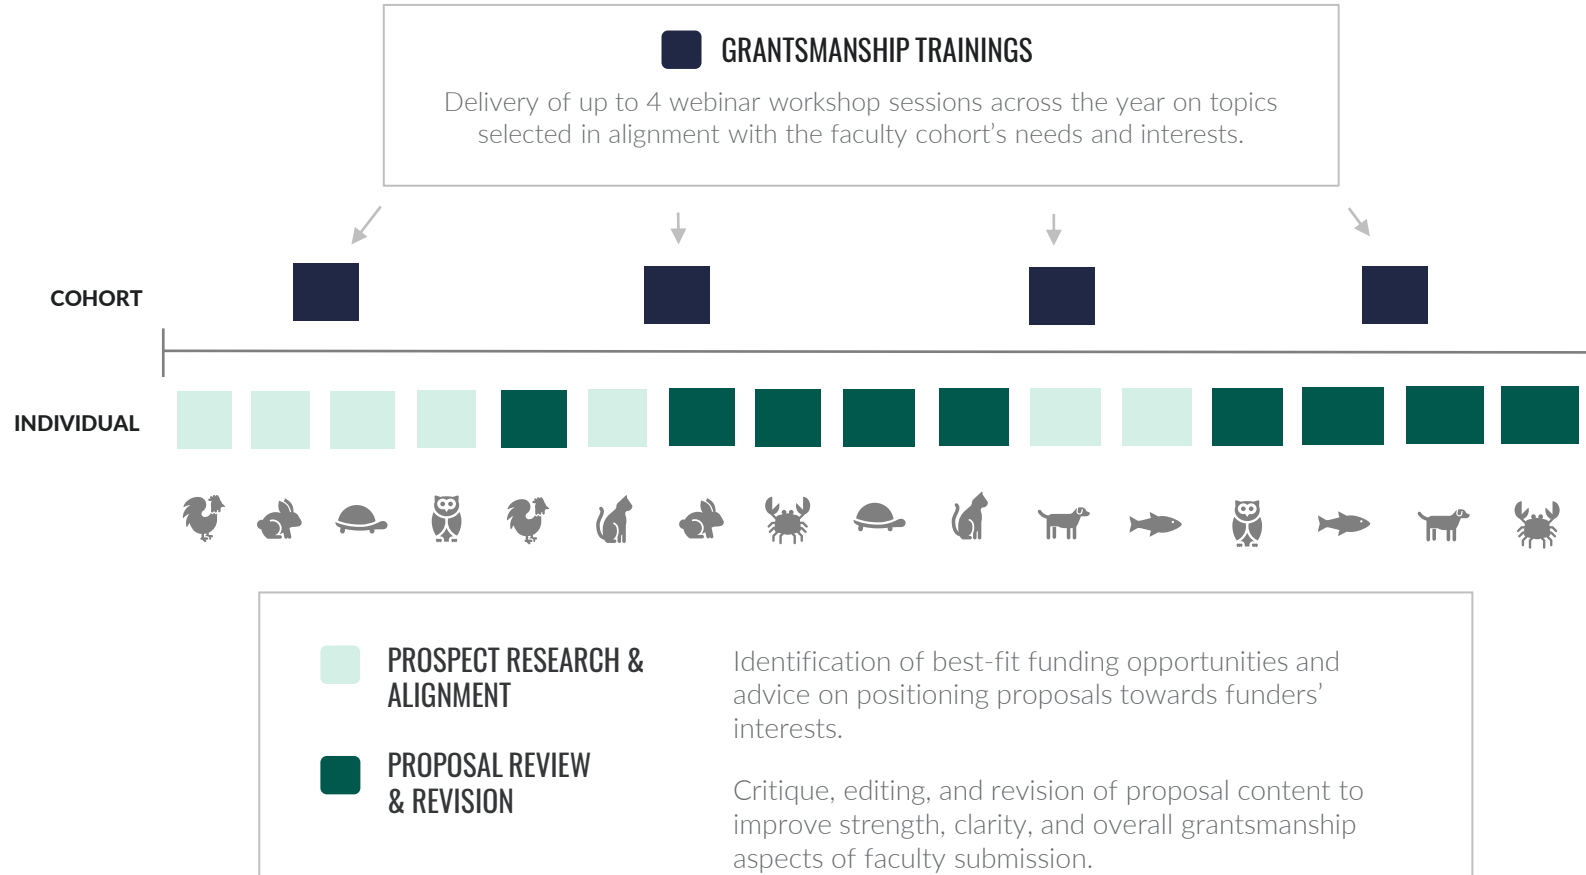

Hanover provides proposal critique and revision support to faculty proposals to improve their quality and competitiveness.

Our **Grant Academy** services support a defined cohort of faculty by putting them on the path towards submitting competitive proposals while equipping them with deeper grantsmanship skills and knowledge of the funding landscape.

GRANT ACADEMY EXECUTION

Grantsmanship workshops and individual support services are delivered across roughly eleven months.

For an additional fee, Grantsmanship Trainings can be delivered across one day on campus instead of through a series of webinars.
