SLP 590 – Clinical Internship	(cr. 1)		

*dates TBA – typically last week of June and entire month of July

Notes: Students enrolled in the full-time cohort are expected to take all classes in the sequence offered. The only exceptions are described in #2. Your targeted graduation date is August 2018.

- 1) SLP 591 will be offered during multiple terms. You must enroll in one section of SLP 590. You must enroll in three sections of SLP 591 at 2 credits each or 2 sections at 3 credits each as explained at: <http://www.wku.edu/communicationdisorders/clinicaexternship.php> The supervisor must provide documentation of a current CCC at all times during the externship.
- 2) You must complete SLP 590 before registering for SLP 591. No exceptions!
- 3) SLP 579 must be completed during the last semester or next to last semester of the program.
- 4) If 25 hours of clinical observation were not completed prior to entry to the graduate program you will be required to complete a one credit course, SLP 580, in order to earn the observation hours during the Fall 2016 semester.
- 5) All courses are three credit hours unless otherwise specified.
- 6) Four elective courses will be required. If you have not completed a course at the undergraduate level meeting the knowledge competencies for Communication Modalities or Alternative and Augmentative Communication then the first elective course needs to be SLP 518 Advanced AAC. At least one elective will be offered during the designated semesters listed above. We will make every effort to provide at least two options each semester an elective course is offered to provide you with options. You may also transfer a relevant graduate course from another university taken prior to admission, given approval of the course evaluation committee.

*You may also use two elective courses to complete a thesis if you wish. If you are interested in research or learning more about a specific topic let your advisor know during the first year of study so that a thesis plan can be developed. If completing the thesis option you would complete the first thesis course in the second fall semester and complete Dysfluency during the second spring semester along with the second thesis course. Your advisor will give further instruction on this option.
