As the co-founder and president of Everyone Matters, Inc., Dan is dedicated to ensuring equal access to healthcare and education for all individuals. Through innovative initiatives and collaborative efforts, he strives to address systemic inequalities and promote social justice on a national scale.

In addition to his role at Everyone Matters, Inc., Dan has worked for IBM for 36 years as the company's senior executive and general manager. Dan has also served in various leadership capacities, including as a board member of NEXT Integrative Mind Life Sciences and DNAmito, and as a special adviser for the Call and Check initiative. Additionally, he shares his wealth of knowledge as an adjunct professor at Western Kentucky University.

Dan's contributions to the field have been widely recognized, earning him prestigious honors and awards such as the Leadership in Healthcare Award from the National Committee for Quality Assurance and the Leadership in Global Education Award from

the World Affairs Council. His commitment to driving positive change has also been acknowledged with the National Corporate Global Education Award.

Dan is also an accomplished author, known for his insightful publications. His book "Trusted Healers: Dr. Paul Grundy and the Global Healthcare Crusade", has opened many doors and was well received. It has garnered acclaim for its exploration of transformative healthcare practices and global healthcare initiatives.

Looking ahead, Dan is committed to furthering his impact through various mediums, including writing another book, hosting podcasts, and engaging in conversations surrounding healthcare, societal change, and leadership.
