**OTHER WORK
EXPERIENCE**

Patton State Hospital, Patton, CA
Staff Psychologist

Sep. 00 to Jun 12

Patton State Hospital is a 1,300-bed maximum-security forensic psychiatric hospital housing judicially committed patients.

*Mentally Disordered Offender Unit**Feb. 02 to Dec. 06*

- Patient population consists of judicially committed patients remanded for treatment as Mentally Disordered Offenders (PC2962) or Not Guilty by Reason of Insanity (PC1026).
- Conduct comprehensive forensic assessments to determine current level of violence risk, current level of sex offender risk, and suitability for release into the community. Assessments consist of extensive clinical interviews, document review and the administration of traditional psychometric instruments and actuarial forensic instruments (PCL-R; HCR-20; VRAG).
- Conduct individual and group psychotherapy to target the reduction of violence potential and increase adaptive functioning.
- Provide expert testimony on issues of dangerousness and suitability for outpatient treatment in California Superior Court.

*Competency to Stand Trial Admissions Unit**Sep. 00 to Feb 02*

- Patient population consisted of judicially committed patients declared not competent to stand trial (PC 1370) who are newly admitted to the hospital. Patients are remanded to the hospital for a longitudinal evaluation and restoration to competency.
- Predominantly conducted the following psychological and forensic assessments: psychiatric malingering, cognitive malingering, intellectual, neuropsychological, psychodiagnostic, and restoration to competency.
- Wrote reports to California Superior Courts articulating the patient's progress and findings of the Interdisciplinary Treatment Team
- Performed individual crisis intervention and competency to stand trial treatment (individual and group).

Superior Court of San Bernardino County
Court Appointed Medical Examiner

May 02 to Aug 19

- Responsible to provide expert opinion based on psychological evaluations of defendants for determination of insanity or mental state at the time of the offense (PC1026.5), disposition of sex offenders (PC 288.1), competency to stand trial (PC1368), and confidential psychological assessments to attorneys (EC1017).

University of Tennessee Medical Group (UTMG)

Jan 00 to Aug. 00

- Facilitated Critical Incident Stress Debriefings with Memphis Police Department and Memphis Fire Department
- Attending psychologist at the psychiatric emergency room at the Regional Medical Center of Memphis

Postdoctoral Fellowship in Emergency Services	<i>University of Tennessee College of Medicine, Dept. of Psychiatry (APPIC Registered Fellowship)</i>	<i>Sep 99 to Aug.00</i>
	<ul style="list-style-type: none"> • Worked as a staff psychologist in the Psychiatric Emergency Room at the Regional Medical Center at Memphis (The MED). Clinical duties included conducting rapid assessments on patients in acute crisis and determining disposition based on criteria related to civil commitment • Consulted with emergency room physicians in determining discharge placement, competency to consent to non-emergency medical procedures, and eligibility for civil commitment. • Supervised third year medical students and first year psychiatry residents from the University of Tennessee College of Medicine and psychology interns at the University of Tennessee Psychology Internship Consortium (APA-Approved) in psychiatry rotations through the emergency room. • Conducted Critical Incident Stress Debriefings for the Memphis Police Department and Memphis Fire Department following recent exposure to traumatic incidents (e.g. shootings, accidents, and death). • Presented seminars in trauma and intervention with the mentally ill at the Memphis Police Academy and Memphis Fire Academy. • Directed local research operations of a multisite national project funded by SAMSHA/CSAT to evaluate the efficacy of community-based jail diversion of dual diagnosed misdemeanants. • Postdoctoral Supervisor: Randolph Dupont, PhD 	
Psychology Internship	<i>Patton State Hospital, Patton, Ca (APA-Approved) Predoctoral Psychology Internship</i>	<i>Sep 98 to Aug 99</i>
	<ul style="list-style-type: none"> • Conducted psychological assessments to answer a variety of questions pertaining to forensic issues. Typical evaluations included: dangerousness risk assessment, competency to stand trial, malingering, neuropsychological and functional capacity, treatment planning, court progress reports, initial psychodiagnostic evaluations, and suitability for outpatient treatment. • Performed short-term and long-term individual and group psychotherapy with multidagnosed forensic patients. Aided patients to understand their commitments, adjust to the hospital, identify symptom patterns and prepare relapse prevention plans. All interventions addressed decreasing violence potential, treating substance abuse disorders, diffusing delusions and gaining understanding of the precipitant causes for their instant offense. • Participated in unit treatment activities, served as consultant to members of other disciplines, and became familiar with unit and local administrative procedures. • Rotations: Admissions, Competency to Stand Trial, and Administration • Attended weekly training seminars: Assessment, Forensic, Risk Assessment and Psychotherapy • Training Director: April Wursten, Ph.D., ABPP
